If appropriate, the records custodian should contact the requestor to see if the request can be narrowed.
- 5. If a records custodian discovers records responsive to a records request were omitted, the records custodian should contact the requestor concerning the omission and produce the records as quickly as practicable.

#### C. Redaction

- 1. If a record contains confidential information or information that is not open for public inspection, the records custodian shall prepare a redacted copy prior to providing access.
